Cancels Fifth Revised Sheet No. 21

SCHEDULE AV

AVOIDED COST

Big Horn's avoided cost rate is a determined cost component of the energy rate per kilowatt-hour from Big Horn's wholesale power supplier Tri-State Generation and Transmission Association, Inc. As of January 1, 2025 the standard offer avoided cost per Big Horn's wholesale power supplier is \$.02602 per kilowatt-hour. Big Horn will inform the Wyoming Public Service Commission within 30 days of a change to Big Horn's avoided cost rate.

Standard Offer Avoided Cost, per kilowatt-hour	\$ .02602
--	-----------

Board approved: December 13, 2024  
Effective: January 1, 2025
